Germany's roadsurfer Expands to Florida with First RV / Camper Van Rental Station in Miami

Compact camper vans come fully equipped for Sunshine State road trips, with unlimited miles, free second driver, one-way rentals, special deals, and low intro rates

Los Angeles, October 2025 -- Roadsurfer, the global leader in camper van travel, has arrived in Florida with its first camper van and RV rental hub in Miami, open since October 1. Just minutes from Miami International Airport (on 2736 NW 37th St.), the new location offers travelers the perfect launchpad to explore the Sunshine State—from Atlantic sunrises to Gulf Coast sunsets.

roadsurfer's colorful fleet of brand new, compact, and fully equipped camper vans combines the freedom of the open road with the comfort of a larger RV. Models sleep 2–5 people and come with a kitchenette (fridge, stove, sink), bathroom with hot shower and toilet, stationary AC/heat, and dog-friendly options. Each rental includes free extras like camping chairs and table, a stocked kitchen box, and even a goodie bag.

With introductory rates starting at \$115/night, unlimited miles, free second driver, one-way rentals, and frequent specials on their website, roadsurfer makes Florida road-tripping more accessible than ever.

Already well-established in Europe, roadsurfer entered North America in 2022 and now operates nine rental stations across the Western USA and Canada. Expansion continues with New York and Dallas, set to open in 2026.
